ASSISTANCE

The following organisations can provide grants and financial assistance relating to continuing ministerial education.

The Society of the Sacred Mission

The Society of the Sacred Mission (SSM) is an Anglican Religious order, founded by Fr Herbert Kelly in 1893. It currently has three provinces based in the UK, Australia and Lesotho, Southern Africa. The Society exists to serve the Church, by increasing the number of those given to the 'Divine Service', the 'Conversion and Perfection of Souls', and the cultivation of the 'Divine Science'. Today, we seek to advance those aims by promoting vocation, nurturing faith and spirituality, and encouraging theological learning.

The Cleaver Trust

The Cleaver Ordination Candidates Fund supports Anglican ordinands and clergy who are committed to the traditional catholic understanding of the priesthood and episcopate. Our focus is on priestly formation, theological study, and the importance of continuing sound theological learning among the clergy.

The Fellowship of St John

Welcome to the website of The Fellowship of St John Trust Association. We are a Christian Charity that works in education and mission. We administer the charities historically associated with the Anglican Religious Community of the Society of St John the Evangelist – often known as the Cowley Fathers.

The Foundation of St Matthias

The Foundation's primary objective is the advancement of education in the Dioceses of Bath & Wells, Bristol and Gloucester, with a preference for higher and further education; such education contributing to the advancement of the Church of England.

St Hild and St Bede Trust

The Trust is a charity which uses the interest received annually on its investments to support the development of education in the Dioceses of Durham and Newcastle. Trustees have regard for the Values and Doctrines of the Church of England when awarding grants to individuals and organisations.

Culham St Gabriel's

Our vision is for broad-based, critical and reflective education in religion and worldviews contributing to a well-informed, respectful and open society. Although the Trust does support masters and doctoral studies, including those engaging with theology, this is specifically related to an education in religion and worldviews/religious education in schools, or wider religion and worldview literacy in society. It would not be able to support those studying masters who were planning to go into the Christian ministry for example, or whose work would be to primarily to further the Christian gospel (we do not fund those involved in evangelism).

The Hockerill Foundation

The Hockerill Educational Foundation was established as a charity in 1977, following the closure of Hockerill College of Education. The Charity's main emphasis is to make grants in the field of education, particularly to

support the education and training of teachers, research and development in religious education, and the church's educational work in the dioceses of Chelmsford and St Albans, with which the college was historically linked.

St Christopher's Educational Trust

The Trust aims to promote religious education in accordance with the principles of the Church of England. The St Christopher's Educational Trust, which incorporates the Hughes & Stevens Bequest, was set up to continue the work of St Christopher's College in Blackheath.

The John James Charitable Trust

A grant-making charity, providing support for individuals and organisations with a Christian focus as well as funding students in ministry training.

Leaders of Worship and Preachers Trust

The Leaders of Worship and Preachers Trust (LWPT) is an ecumenical charity which seeks to provide resources, support and information to preachers. LWPT provides resources, training and grants for preachers and leaders of worship of all ages and Christian denominations.

Sarum St Michael Educational Charity.

The Sarum St Michael Educational Charity is a trust formed from the assets of an Anglican college of education that closed in Salisbury in 1979. We make grants to individuals ineligible for student loans to help them pursue their further education. Applicants must live or study (including by distance learning) in the Diocese of Salisbury or one of its adjacent dioceses (Bath & Wells, Bristol, Exeter, Oxford and Winchester).

New England Company.

'The New England Company was founded in 1649 to propagate the Gospel in New England and the parts adjacent in America. Its work was later extended to the West Indies. After the American War of Independence, its work in North America was restricted to those Native Peoples living in Canada.

The New England Company's mission today remains to further the work of the Church in the West Indies and amongst the Native Peoples of Canada with emphasis on the training for the ministry.'

The Society for Advancing the Christian Faith

The society was founded in 1691 and received its Royal Charter in 1794. The society contributes towards training and religious instruction for clergy and laity of Anglican dioceses in the West Indies and the Indian Ocean.

The Anglo-Catholic Ordination Candidates Fund

ACOCF is only able to consider applications from ordinands.
